To Whom It May Concern:

We recently had the opportunity to work with Carl White Construction (CWC) on two projects, the remodeling of our sanctuary and an addition to the front of our church.

Carl White took the role of Construction Manager for both construction projects. It was evident that Carl possesses the leadership and knowledge to manage all aspects of the projects. Beginning at the design phase and through to the completion, CWC has shown dedication and kindness to our construction committee, church staff and congregation. He attended countless committee meetings, often after hours.

Both projects brought on seemingly endless challenges that were always handled by Carl with professionalism and a positive attitude. Carl handled every issue in stride and worked to minimize the impact. Communication was always excellent, and the committee and church staff was kept advised of all aspects of the projects in an honest and timely manner.

It was a pleasure to work with Carl on these projects. His steadfast commitment to our church and the projects were greatly appreciated. We strongly believe that it was the extra efforts of CWC that kept our projects within budget.

We would be happy to work with CWC on any project and look forward to the opportunity should it present itself.

Sincerely,

Scott Pryer

Chairman, Greater Things Construction committee
